PRICING LIST FOR THE NEW MERCEDES BENZ 2016 RANGE OF CARS

Mercedes-Benz Australia has announced that three new Plug-in Hybrid models are to arrive in dealerships this month across three different segments with the C 350e (available in both Sedan and Estate), GLE 500 e 4MATIC and S 500 e.

All Mercedes-Benz E-Class models to arrive as standard in Australia with the Driver Assistance package PLUS, Widescreen cockpit, KEYLESS-GO with hands free access, 360° camera, Steering wheel with touch control buttons, front electric seats with memory function and LED High Performance headlights and Stardust effect LED taillights.

At launch, the new E-Class will arrive in three engine variants, the E 200, E 220 d and the E 350 d.

Pricing for the E 300 and E 400 4MATIC will be announced soon. The manufacturer's recommended retail list price is as follows:

- E 200: \$89,990 (MRLP)
- E 220 d: \$92,900 (MRLP)
- E 350 d: \$134,900 (MRLP)

The price detailed in this document is the current Manufacturer's Recommended List Price (MRLP) for the E-Class range.

The new Mercedes-Benz Plug-in Hybrid models will launch in July 2016 and are now available to order. The manufacturer's recommended retail list price is as follows:

C 350 e: available as Sedan or Estate

The Mercedes-Benz C 350 e is a Plug-in Hybrid that combines extraordinary levels of efficiency, dynamism and comfort. In either the sedan or estate variant, the performance of a sports car makes it a convincing proposition, especially in combination with a certified consumption of just 2.4 litres of fuel per 100 kilometres and an all-electric range of up to 31 kilometres. Its four-cylinder petrol engine, in conjunction with a powerful electric motor, gives it a total system output of 205 kW with a system torque of 600 Nm. Both the sedan and the estate model are equipped with air suspension and a pre-entry climate control system as standard, delivering a unique level of driving and climate comfort.

- C 350 e: \$75,300 (MRLP)
- C 350 e Estate: \$77,800 (MRLP)

GLE 500 e 4MATIC: plug-in hybrid technology meets SUV

The new **GLE 500 e 4MATIC** with Plug-in Hybrid drive combines the power and refinement of a V8 engine with outstanding fuel economy (just 3.3 litres/100 km combined) and the versatility of a premium SUV. The drive system components comprise a V6 petrol engine with 245 kW and a hybrid module with 85 kW of electric power. The system peak torque is a massive 650 Newton metres. In addition to impressive acceleration thanks to the boost function, the innovative system drive also offers all-electric driving at speeds up to 130 km/h, optimised energy recovery thanks to the intelligent operating strategy and comfort functions such as pre-entry climate control in summer and winter.

□ GLE 500 e: \$124,900 (MRLP)

S 500 Plug-in Hybrid: luxury saloon with exceptional efficiency

The **S 500 Plug-in Hybrid** blends an ultramodern hybrid drive configuration with the unique innovations and luxurious equipment and appointments of the S-Class. This long-wheelbase luxury saloon impresses with its exceptional dynamism and efficiency. Thanks to the standard-specification pre-entry climate control system it also offers outstanding climate comfort. With a system output of 325 kW and 650 Nm of torque, the Mercedes-Benz S 500 Plug-in Hybrid accelerates from 0 to 100 km/h in 5.2 seconds while boasting an all-electric range of up to 33 km. The certified consumption is 2.8 litres/100 km, which is equivalent to emissions of 65 g CO₂/km.

□ S 500 e: \$319,715 (MRLP)

The price detailed in this document is the current Manufacturer's Recommended List Price (MRLP) for the Plug-in Hybrid range.

The MRLP includes GST and any LCT applicable to the base / standard specification model but EXCLUDES DEALER DELIVERY AND ALL ON ROAD COSTS such as, for example, registration fees, stamp duty, CTP and the like.

- The MRLP excludes on-road costs and dealer delivery, and
- For drive away price information, please contact dealers
